

# A Special **FREE** Preconvention Continuing Education Seminar

Sponsored by the NOMMA Education Foundation (NEF)

This seminar is available to Full Conference and Education/Trade Show Package registrants for METALfab 2012. Registrants will be accepted on a first come – first serve basis so get your conference registration in and request a spot at this special **FREE** Continuing Education Seminar. This is a great opportunity to work with one of the premiere presenters in this field.

## **“Using CAD Technology to Help You be a Better Craftsman, Fabricator, Business Person.”**

Wednesday February 29, 2012      8:00 to 10:00 AM

Conducted by **Dave Filippi, FabCAD Inc.**

**Overview:** This 2 hour seminar will explore features of Computer Aided Design (CAD) that can increase sales, improve estimating and field measuring; and speed up fabrication and installation of railings, fences and gates. Real life examples will be presented by existing CAD users.

**Who should attend:** Anyone engaged in the selling, fabricating or installing of ornamental metal products that either has a CAD system or is evaluating CAD systems. This seminar will be using a CAD system compatible with AutoCAD, AutoCAD LT, FabCAD Classic, TurboCAD and other “.dwg” compatible CAD systems.

### Course Outline

1. Using CAD as a Sales and Marketing tool. How to easily create photorealistic demo drawings to sell your customers.
2. Simplify field measuring and speed up installation by using simple CAD simulations.
3. Using PDF tools to speed up estimating and shop drawing development.
4. Using photos and PDF's to help create forged elements. (Actual job demo)
5. How to provide CAD data to show code compliance. (Case study presentation)
6. CAD features that can radically speed up fabrication time.
7. Easy to use quality control tools to help eliminate your “grave yard.”
8. iPad and iPhone apps that work in conjunction with CAD.
9. Question and Answer and tip sharing period.

Registration for **Free** NEF Continuing Educations Seminar:

Name \_\_\_\_\_

Company \_\_\_\_\_

Address \_\_\_\_\_

Phone \_\_\_\_\_ Email \_\_\_\_\_

I have registered for METALfab 2012 as a:       Full Conference Package       Education/TS Package
